Chamber of Commerce

BUSINESS OF THE YEAR DINNER

PLEASE JOIN US

Our Annual Business of the Year event is one of our signature programs. 2006 was an especially spirited year, with many firms being nominated. The biggest winners are not the companies being honored, it is the community that benefits from their individual and collective success.

What do the businesses we are honoring have in common? While representing a number of different industries, they all enhance our community and regional image and invoke civic pride. They are fine examples of firms that create and maintain a pleasant work environment, they compensate their employees in a fair and equitable manner and they give back to the communities in our region. Because of their efforts and the efforts of their employees we continue to grow the economy in Amherst which is a hub in the Buffalo Niagara Region.

We are very proud to recognize the accomplishments of the businesses and organizations being honored at the Amherst Chamber of Commerce 2006 Business of the Year Dinner. We are especially proud to recognize the thousands of businesses that make Amherst the leader in job growth in our region for over two decades.
