Community News

Roseanne Stephan of the American Heart Association/American Stroke Association Buffalo/Niagara Chapter recently traveled to Dallas to accept the agency's coveted Rome Betts Award. Recognizing outstanding field staffers who exemplify consistent high performance in their area, the award was given to only two Cultural Health Initiatives staff across the country. Stephan received the designation in recognition of her work to build strategic partnerships and health care alliances in Western New York for support around the American Heart Association's Power to End Stroke campaign.

St John's Lutheran Home for Children presented the first Edward Kinkel Scholarship on April 4 to Rachel Nelson of Akron. The scholarship was established in 2007 to honor deceased past president Ed Kinkel, formerly of Amherst.

Teacher earns national 'Power of Art' Award

Thom Knab, art teacher at Dodge Elementary School in Williamsville, is one of only 32 teachers selected from across the country to receive a prestigious Robert Rauschenberg Foundation Power of Art Award.

The Power of Art is a national competition that celebrates excellence in art education and innovative teaching methods. Knab will attend a special one-day workshop at the Lab School of Washington, D.C., on May 16, followed by an awards presentation and reception.

Sponsored by the Robert Rauschenberg Foundation, the workshop is designed to help teachers better understand, help, and teach students with learning disabilities.

Robert Rauschenberg, called a master of modern art, supports the Power of Art Award to emphasize the importance and value of art education in the classroom, especially for those students with learning disabilities.

Knab has taught at Dodge since 1990.
